I am very happy that my fictional novel "A Kiss on Tearful Cheeks" was able to take physical form as a comic book inside of your hands.

I, too, follow Iori and Yusuke's love life that Ms. Yukie Sasaki draws with a grin on my face. It makes my happy, but also kind of embarrassed (lol). Ah! And my favorite face that Iori makes is her crying face!! Wall|(w-O)° +. Blush

Anyways, I think their story will continue for a while longer, and nothing would make me happier than if you stuck around without getting bored.
